Conferencing

Reservationless Audio Conferencing Overview

When you need to host weekly recurring meetings or organize a last minute meeting, Whygo's Reservationless Audio Conferencing efficiently allows you to bring people together to help you meet your business objectives and succeed.

Reservationless Audio Conferencing is a reliable solution that does not require reservations or operators. You have the ability to control your conference commands with a touch of a button from your telephone keypad. You receive customizable features and you can select from English, Spanish or Portuguese for your system prompts. In addition, use Whygo's Online Management Tool to manage your account and conference calls online.

What You Can Expect:

With Whygo's Reservationless Audio Conferencing you will receive a simple and convenient solution to create better connections.

Consistency: Receive permanent dial-in information for all of your calls

Convenience: No reservations, operators or time limits

Ease-of-Use: Control your conference commands from your telephone keypad

Customization: Tailor all of your calls or just one call to your needs

Online Management: Our Online Management Tool helps you simply and easily manage your account and calls

Effectively Connecting People:

- Bring together your participants for a variety of meetings.
- Organize weekly status meetings
- Arrange sales meetings with employees and prospects
- Link cross-functional teams from around the world
- Gather participants for a last-minute meeting

Why fly if you... can't?
